

HW4 Grading Penalties by Steps

If the HW report is done **not for the assigned variant** of subject domain: the resulting overall grade will equal to ZERO. If the HW **report or the used external data are plagiarised¹** the resulting overall grade will equal to ZERO.

Step 1.1: Create a MyISAM Table to Extend Your Database – 0..1

Penalties 0..1

Inputs for the Step not explained	0.2
The step is not included in the report	1.0
The query for creating the MyISAM table is not included	0.3
The result of MyISAM table creation is not provided	0.3
The field for “Entities” is not included in the created table	0.2
The field for textual information describing an “Entity” is not included	0.2
The relationship of the Entities to the domain of Your variant and your database is not explained	0.3

Step 1.2: Populate Your MyISAM Table with Relevant Textual Data – 0..2

Penalties 0..2

Inputs for the Step not explained	0.2
The step is not included in the report	2.0
The query(ies) for loading the external data into the database is not provided	0.5
The proofs of the successful executions of these queries are not provided	0.5
The populated MyISAM table is not provided	0.5
The populated MyISAM table contains insufficient data (no of rows <20)	0.5

Step 1.3: Alter the Stop Word List if Needed – 0..2

Penalties 0..2

Inputs for the Step not explained	0.2
The step is not included in the report	2.0
The explanation that the built-in stopwords list is sufficient for your work is not given	0.5
If a new stopwords list is required, its content is not provided	0.5
If a new stopwords list is required, the way of including it into the MySQL server is not explained or the evidence of its inclusion not given	0.5
If a new stopwords list is required, the need for this new stopwords list is not explained	0.5

Step 1.4: Create the Full-Text Index – 0..1

Penalties 0..1

Inputs for the Step not explained	0.2
The step is not included in the report	2.0
The query(ies) for creating the indexes is not reported	0.5
The evidence of correct execution of these queries is not provided	0.5
The indexes are not re-built after the altering of the stopwords list	0.5
The indexes do not cover all the textual fields of the MyISAM table	0.5

¹ If a reference for the external data used in the report is not given or is not precise enough to point to the used data fragment, this will be regarded as a case of plagiarism.

Step 1.5: Elaborate Queries IN NATURAL LANGUAGE MODE – 0..2**Penalties 0..2**

Inputs for the Step not explained	0.2
The step is not included in the report	2.0
There is no query with more than one word in the report	0.5
Not all the three queries are reported	0.5
The results for all the three queries are not reported	0.5
Relevance of the rows is not included in the results of the queries	0.5
The proof of the correctness of query execution is not provided for all the queries	0.5

Step 1.6: Elaborate Queries IN NATURAL LANGUAGE MODE WITH QUERY EXPANSION – 0..2**Penalties 0..2**

Inputs for the Step not explained	0.2
The step is not included in the report	2.0
The queries are not similar to that in Step 1.5	0.5
Not all the three queries are reported	0.5
The results for all the three queries are not reported (1-st 20 rows)	0.5
Relevance of the rows is not included in the results of the queries	0.5
The explanations about the correctness and utility of the results, using the comparison to the result of the similar query of Step 1.5, are not reported	0.5

Step 1.7: Elaborate Queries IN BOOLEAN MODE – 0..4**Penalties 0..4**

Inputs for the Step not explained	0.2
The step is not included in the report	4.0
Less than 6 queries are elaborated, per missing query	0.5
Among the 6 reported queries, less than two queries are similar to that of Step 1.5 or no one of these uses more than one word	0.5
Not all the queries are reported	0.5
Not all query results are reported	0.5
The operations *, -, and + are not all used in your queries	0.5
The explanations about the correctness and utility of the results are not reported for all the queries	0.5
The comparison of the expressive power to the NATURAL LANGUAGE MODE queries is not provided	0.5

Step 1.8: Introduction, Conclusion and Overall Impression of the Report – 0..1**Penalties 0..1**

Introduction is not included in the report	0.5
Conclusion is not included in the report	0.5
The sources of external textual data are not referred to	1.0
The structure of the report differs from the requested pattern	1.0
